School Goals

Garfield Elementary School is an inclusive, bilingual community where students develop their academic and language abilities. We strive to preserve native language and culture as students develop as bilingual community members.

We are committed to authentic engagement in both native and non-dominant language instruction. Garfield staff are dedicated to equity based intervention services in order to achieve the district goals of Excellent Learning Experiences, Equitable Systems, Relevant and Engaging Learning and Healthy Communities.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

Garfield staff support each student by addressing needs and building skills with a focus on Collaborative Problem Solving and fostering a Caring School Community. Our Student Support Team (SST) comes together with teachers to determine which school resources will best support individual needs.

We build community and support students by implementing Positive Behavioral Interventions and Supports (PBIS) schoolwide, with a focus on safety, respect, and responsibility.
