

# Can my student go to school?

For students **UP TO DATE** on their vaccination  
(2 primary doses, 14 days after last dose) \*

\* Students 18 and older require a booster shot to be up to date on their vaccination, if they are 5 months or more past their last dose

- **NO** symptoms
- **NO** COVID-19 diagnosis
- **NO** close contact with someone who tested **POSITIVE** for COVID-19

**OK TO GO TO SCHOOL**

- **NO** symptoms
- **NO** COVID-19 diagnosis
- Close contact with someone who tested positive for COVID-19

**OK TO GO TO SCHOOL**

Students who are up to date on their vaccination do not need to quarantine after COVID-19 close contact, if they do not have symptoms

PCR testing is highly recommended 3-5 days after close contact

Continue monitoring for symptoms. If symptoms develop, follow flowchart for 1 or more symptoms

- 1 or more symptoms for any duration
- **NO** close contact with someone who tested **POSITIVE** for COVID-19

**CANNOT GO TO SCHOOL**

Student must stay home and seek testing immediately

Until further notice, the district requires **ALL individuals with symptoms to have a negative test** prior to returning to school

- Test can be a Binax rapid test at school, a PCR test at a local testing site, or an at-home test

Report test results to the district nursing department or the school's main office

Student will be able to return on the date set by the district nursing department **IF**:

- symptoms have significantly improved and are well-controlled without medication
- **AND** no new symptoms have developed

- 1 or more symptoms for any duration
- Close contact with someone who tested positive for COVID-19

**CANNOT GO TO SCHOOL**

Student must quarantine for a minimum of 5 days and seek testing immediately

Until further notice, the district requires **ALL individuals with symptoms to have a negative test** prior to returning to school

- Test can be a Binax rapid test at school, a PCR test at a local testing site, or an at-home test

Report test results to the district nursing department or the school's main office

- Tested **POSITIVE** for COVID-19
  - with or without symptoms

**CANNOT GO TO SCHOOL**

Student must isolate following current isolation guidance

The district nursing department will determine the student's isolation period with guidance from Benton County Health Department

Student will be able to return on the date set by the district nursing department **IF**:

- student is fever-free without fever-reducing medication for 24 hours
- **AND** symptoms have significantly improved and are well-controlled without medication

Student must be able to correctly and consistently wear a well-fitting mask for the remaining 5 days

NO symptoms

Has symptoms

Tested **POSITIVE** for COVID-19

Close contact with someone who tested **POSITIVE** for COVID-19
