School Goals

Our mission is for all children to feel safe, valued, and included. We honor the unique abilities of every child by creating challenging and realistic learning opportunities for all.

Our focus on Multi-tiered Systems of Support ensures students who are in need of reading, math, or behavior intervention receive the help that they need.

All staff are dedicated to equity based intervention services and culturally responsive teaching and learning practices in order to achieve the district goals of Excellent Learning Experiences, Equitable Systems, Relevant and Engaging Learning, and Healthy Communities.

State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

Safe & Welcoming Environment

We continuously encourage students to make positive behavior choices by implementing PBIS, a program designed to teach respect, responsibility, and safety at our school.

Through instruction, comprehension and regular practice, all staff members implement a consistent set of behavior expectations and rules. When students respond in unexpected ways, we view it as an opportunity for re-teaching, not punishment.
